## PROFILE

Natwarlal Maniklal Dalal College is a pioneering educational institution of Gondia Education Society. It is a mother institution of the colleges and schools of G.E.S. The G. E. S. also assumed its shape by the formation of N M. D. College. One of the main partners of C. J. Patel Company, Gondia Shri Harshadbhai Vora has generously donated the funds for the establishment of this college in the memory of his father Late Shri Natwarlal Maniklal Dalal. The college was further named as Natwarlal Maniklal Dalal College of Arts and Commerce by the G. E. S. This is not merely a college but it's a cherished creation of the founder Late Shri Manoharbhai Patel with a view to satisfy the educational needs of the masses. The great founder Late Shri Manoharbhai usually expressed that this college is a precious piece of my heart and I would like to develop it up to the highest level.

The foundation stone of this college was laid down by the father of the Gondia Education Society Late Shri Manoharbhai Patel in the year 1958 and the building was inaugurated in the year 1961 by the then Chief Minister of Maharashtra Shri Dadasaheb Kannamwar. With the opening of N. M. D. College the G. E. S. had started spreading educational institutions in the districts of Gondia and Bhandara and consolidated it's hold over the educational development activities which are going on ceaselessly.

The college has been doing tremendous progress in the field of academics and showing unflagging temper of research & reform to create something new and make the society benefitted. Recently the college has been granted as a Centre for Higher Learning and Research.

### Our Pioneer - Late Shri Manoharbhai Patel

"We have to built a new nation and in order to build such a nation our people must have knowledge. In order to acquire knowledge one must study and study persistently and painstakingly. But how one can study? How anyone can increase knowledge when no facilities of any sort are available? Therefore it is upto us to make every facility available to those who want to study and if there are any impediments they must be ruthlessly demolished.

People must be taught and educated to be staunch optimistic men and women, who fear no obstacles, who understand self interest as well as national interest. They must have lofty ideals with high cultural and moral standards, supreme devotion to the state and supreme loyalty to the interest of the people."

**Late Shri Manoharbhai Patel**
